

SEFTON HIGH SCHOOL

OUT OF AREA ENROLMENT

EXPRESSION OF INTEREST

COMMUNITY STREAM INTAKE ONLY

Present enrolment numbers at Sefton High School have the school at or near capacity. As such there is very little scope for out of area placements being available within our community stream intake.

All applicants must be aware that applications for out of area placement are for community stream intake only. Placement of students into the selective stream intake is via a completely separate process. Details of how to apply for placement within the selective stream intake are found elsewhere on our website.

There is no one criteria that Sefton High School will use to assess out of area applications for the community stream. A holistic approach is taken. Sibling enrolments at Sefton High School **is not** of itself a basis for an out of area community intake application.

Applicants wishing to have their application for out of area enrolment into the Sefton High School community stream considered must do so on the prescribed form and completed in the students' own handwriting. Applications **must** include

- Copies of the student's birth certificate and, if held, passport and visa.
- Copies of the student's last three (3) years' school reports.
- Clearly written reasons for wanting to be considered for the Sefton High School community stream intake and why these wants cannot be achieved at your local intake school.
- A handwritten statement by the student as to how they believe they will contribute to the critical Sefton High School values of *Sincerity, Scholarship, Service*.
- Any essential documents you believe the school should consider which support the application.

Out of Area applications will be assessed and placed on a waiting list. Families will be contacted in the event of a place being available within the community stream. If the demand for bona fide local enrolments into the community stream equals our limit, then no out of area positions can be made available.

Parents are advised that should Sefton High School be considering offering a student a place as an out of area student into the community stream, then communication between Sefton High School and the applicants present and/or previous school will occur.

In the event of a position being available parents will be contacted.
